Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Saturday 26 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Often cloudy and dry at first. Rather wet next week.

Today:
Largely cloudy initially but brightening up during the morning, with sunny spells and perhaps the odd shower later. Feeling warm in the sunshine but cooler near the coast, with a chance of low cloud locally. Maximum temperature 22 deg C (72 deg F).

Tonight:
A mostly cloudy night. Low cloud will spread westward across all parts during the evening, along with areas of mist. Remaining largely dry though. Minimum temperature 12 deg C (54 deg F).

Sunday:
Largely cloudy at first, but dry and brightening up during the morning. Some sunshine in the west. Often cooler along the coast, with low cloud returning in the evening. Maximum temperature 21 deg C (70 deg F).

Outlook for Monday to Wednesday:
Changeable, often cloudy through the period, with bands of rain or showers, locally heavy and potentially thundery. Warm by day but feeling humid. Perhaps drier and brighter on Wednesday.
